

Dear Future Owner of Our New Home,

We bought this house eight years ago and have created more memories in it than anyone could count! We never really thought we would be interested in a split foyer floor plan, but when we started our house hunting we fell in love with them! The openness upon entering the front door and the high ceilings make the living area and kitchen feel so big and bright! You can't choose a better location for a house! With easy access to all major highways and Page Extension- which we believe is the best thing since sliced bread! ☺

Over the years we have made this house ours and together we put finishing touches and updates in every room! We hope you enjoy our choices as much as we have! If you could see pictures from when we bought this house in 2007, you wouldn't even think it was the same house!

We've brought home our 2 children and made this their first home! Our son who is the oldest isn't sure about this moving thing! He absolutely loves our house and his friends in the neighborhood! The quiet neighbors and streets make the perfect environment for a sleeping infant or a toddler taking a nap! We will always remember seeing our son riding his bike up and down the sidewalk and taking walks through the streets with our stroller in tow as we try to keep up with him! And one of mommy's favorites- super easy access to Walgreens or Target which make running out of diapers, juice or milk no problem at all!

Don't be afraid of the pool behind you! We have never had problems with noise or a rowdy crowd disturbing the peace! It is only open three months of the year and the other 9 months you have no pesky neighbors behind you to causes trouble or to have to deal with and you are guaranteed a well-maintained landscape space! If you want to swim or enjoy the waterslides you can head up to Wapelhorst Park in about 2 minutes... or you could even walk there!

We hope you enjoy this home as much as we have! We can't wait for you to begin making memories of your own in it!

☺
